HELENA GARMAEVA

Product Designer

Portfolio | lenputka@gmail.com | @hgrmv | +7 (983) 538-86-66

I have 3 years of experience working on B2B and B2C products in design studios and as a freelancer. I develop solutions informed by UX research and create websites that boost sales, user numbers, time on page, and CTR.

WORK EXPERIENCE

Project-Based / Freelance

october 2023 — сейчас

Product Designer

Designed solutions for 20+ clients in beauty, engineering, IT, and other business sectors. Boosted website conversion rates and helped drive business growth.

- +22% increase in wholesale volume: Optimized the user journey on a corporate website, resulting in higher conversions.
- +17% B2B audience growth: Implemented design solutions based on audit data, improving user retention.
- +31% CTR increase: Redesigned interface solutions for key entry points in a B2B project, significantly increasing click-through rates.

WebValleyStudio

may 2022 – october 2023

UX/UI Designer

Delivered over 10 projects for the company. Advanced from Junior to Lead Designer on studio projects.

- +44% increase in cosmetic brand sales: Designed an interactive builder and optimized the catalog structure, significantly streamlining the path to purchase.
- +19% corporate website CTR: Reduced the user path to lead submission by 4 steps.
- 1.5x average time on site for a signage manufacturing website, while doubling the page load speed.
- Enabled the studio to take on more orders by reducing average project turn-around time by 25%
